PRODUCT OVERVIEW

SOIL

GYP-FLO is a liquid suspension of technical grade Calcium and Sulphur applied to improve your soil structure by reducing sodium build-up and increasing Calcium levels in the soil.

PH-PLUS is a liquid suspension of technical grade Calcium Carbonate applied to prevent and improve acid soils by increasing the soil pH and Calcium levels in the soil.

DOLOMITE PLUS is a liquid suspension of technical grade Calcium and Magnesium Carbonate applied to prevent and improve acid soils by increasing the soil pH and Calcium/Magnesium levels in the soil.

ULTRA ZINC is a concentrated technical grade liquid suspension that contains 100% Zinc, applied to fresh grown produce and broad acre field crops for improved yield and quality.

CROP

CROP BLOCK is a liquid suspension of technical grade Calcium Carbonate that is applied to assist in the prevention and reduction of sun burn damage to fresh produce and general crops.

WATER

FERTI-PAM is a technical grade liquid formulation of Polyacrylamide (SOIL PAM) and Humic Acid.

HYDRA-GYP is a technical grade concentrated liquid suspension that contains 80% w/v of super fine milled Natural Gypsum, applied for the treatment of flocculating water.
